Update - eBay seller has issued a refund. Please send me a shipping label, and I'm happy to help return these FortiGates.

Thank you for your email. Please be advised that the Fortinet equipment you purchased is the property of Granite Telecommunications and was sold by a Granite customer in violation of that customer's contractual obligation to return the equipment. We would be happy to send you a shipping label so that you may return the equipment to Granite, and we suggest that you contact the seller and/or eBay to demand a refund of the amounts you paid for this equipment.

Thanks again and best regards,

Hello,

I've acquired 2 FortiGate 40F-3G4G firewalls from an eBay seller (who said they came from the liquidation of a retailer that went bankrupt). When I powered on both units, I see they're still registered with your company, and the licenses expired on 3/26/2025. Can you please decommission these units from your company's Fortinet account?

Here are the serial numbers (also see photos below):

- FG40FITK21008567
